

PRODUCTS FOR HIGHWAY MAINTENANCE

SUPASOL HYDRO

Removes bitumen and tarmacadam from machinery, vehicles and tools.

SLIDEZE

Prevents bitumen and tarmacadam from sticking to machinery, vehicles and tools.

SLIDEZE HT

High temperature formulation to prevent bitumen build-up in hot conditions.

CALTAR

Water based lubricant for misting systems in Bitumen plants. A 5% solution will prevent bitumen sticking to plant and machinery.

SPILLAWAY

Controls and disperses spillages of oil, diesel, petrol and other flammable solvents.

SUPERKLEAN

Specialised product for cleaning signs and other hard surfaces.

WINDOW VIEW

Cleans interior and exterior of highway luminaires.

GRAFFEX RANGE

A range of safer products to remove all types of graffiti from various surfaces.
